

Joint Conference on Biometrics &
Biopharmaceutical Statistics

August 28 – September 1, 2017

CEN ISBS
Vienna 2017

Quantifying Life. Advancing Research. Enabling Decisions.

Statistics

MEDICAL
UNIVERSITY
OF VIENNA

CEN ISBS Vienna 2017 is a unique joint conference integrating multiple perspectives on current biostatistical research. Get in touch with your colleagues from academia, industry and regulators. Join us in Vienna!

Venue: Medical University of Vienna, Vienna, Austria
LOC-Chair: Georg Heinze, ROeS
SPC Co-Chairs: Martin Posch, ROeS | Tim Friede, IBS-DR | Frank Bretz, ISBS | Tomasz Burzykowski, Polish Region

Important Dates:

Call for topic-contributed session proposals: **October 1, 2016**
Deadline for topic-contributed session proposals: **January 15, 2017**
Registration & abstract submission opens: **January 15, 2017**
Deadline for abstract submission: **March 31, 2017**

Scientific Topics

- + Bayesian Approaches
- + Biometrical Methods in Agriculture, Forestry and Ecology
- + Computational Statistics and Machine Learning
- + Design of Experiments
- + Digital Health and Data Science
- + Early Phase Clinical Trials
- + Evidence Synthesis and Meta-analysis
- + Health Technology Assessments and Electronic Health Records
- + Hierarchical Models
- + High-dimensional Data and 'omics
- + Innovative Trial Designs (incl. Adaptive, Enrichment, Basket & Umbrella Designs)
- + Longitudinal and Missing Data
- + Modelling and Simulation
- + Multiple Testing
- + Observational Studies and Causal Inference
- + Precision Medicine and Biomarker Assessment
- + Prediction and Classification
- + Quantitative Decision Making
- + Regulatory Statistics (Estimand, Extrapolation, Subgroup Analysis)
- + Small Populations
- + Statistical Methods in Epidemiology
- + Survival Analysis and Event History Analysis
